- > No Parabens
- > No Phthalates
- > Gluten Free
- > Vegan
- > Suitable for bottles and pump dispensers

MADE IN ENGLAND

## GUIDE RECIPE

Here we show you how to process **Easy Lotion Base**.

---

Follow these steps below to create a range of tailored Cold Process Lotion products using our innovative Easy Lotion Base.

- > Easy Lotion - Add the desired weight needed
- > Add up to 3% of Additional Oils
- > Mix together until smooth, approx. 5 – 10 minutes
- > Add in fragrance / essential oil and / or colorant
- > Fill into your finished packaging

**Open** - Simply open the packaging and weigh out your desired amount of Easy Lotion base.

**Prepare** - Select your vegetable oil. Easy Lotion will emulsify up to 3% free liquid oil, such as Sunflower or Olive Oil.

**Add** - Gradually mix the materials together in a suitable container until smooth and homogeneous, approx. 5 – 10 minutes. No heat is required during this process.

**Mix** - You can add Essential Oils, Fragrances or Colours of your choice. We recommend adding no more 0.3% to the Easy Lotion Base, mix gently ensuring that any fragrance you have added are evenly distributed throughout the product.

**Fill** - Once fully mixed fill into your chosen packaging, bottles, or tubs. (always run full stability testing prior to sale / distribution)

---
