FILL

Shampoo Base is fully formulated, certified organic, made using mild surfactants and is pre-thickened.

Shampoo Base is fully formulated, pre-preserved and ready to go. Ideal for manufacturers large or small, hand fill or automate to produce a line of liquid products.

- > Allows production of a certified organic shampoo, if the converter/filler has organic certification
- > Blended with gentle surfactants, that are approved by the Soil Association to provide masses of creamy lather
- > Free from Sulfates, SLS, SLES and parabens
- > Vegetable origin, enriched with Aloe Vera
- > Has a natural clear to translucent pale yellow colour
- > No thickening required
- > Fully formulated base, only requiring addition of organic fragrance or essential oils, with slow stirring
- > Can be adapted for different hair types through selection of additives

MADE IN ENGLAND

EXAMPLE RECIPE

Here we show you how to convert one of our liquid bases into a natural handwash using our **Shampoo Base**.

.....

Follow the steps below to create a range of tailored shampoo products using our innovative Liquid Bases.

- **Shampoo Base** - Add the desired weight needed
- Add upto 2% fragrance / essential oil
- Mix together for 5 minutes until additives / ingredients are dispersed
- Fill into your finished packaging

Open - Simply open the packaging and weigh out your desired amount of Shampoo Base.

Add - Add Essential Oils or Fragrances of your choice to your liquid base. We recommend adding no more 2% to the Shampoo Base.

Mix - Gradually mix the materials together in a suitable container until smooth and homogeneous, approx. 10 - 15 minutes.

Fill - Once fully mixed fill into your chosen packaging, bottles, or tubs. (always run full stability testing prior to sale / distribution)
